RESTAURANT SENORITA

Here are a few things you need to know,
before you continue reading:
Tortilla means pancakes, and can be,
made with wheat flour or corn.
Wheat flour tortilla is probably the one,
you are most familiar with. It is the
classic soft pancake with different
contents. For example, a Burrito or Quesadilla.
Corn tortilla are either crispy such as a
Taco but they can also be served soft as
an Enchilada.
The plates are very hot as they have-
-been in the oven. So be careful with
your fingers when the food is served.
